

St Edith's Church, Grimoldby

St Edith's is the parish church of Grimoldby.

This has been a place of worship for over 700 years, and still has worship taking place every week. For more details see our newsheet.

We enjoy regular visits of classes from Grimoldby School as well as their Christmas carol service.

We are currently in the middle of some major fundraising for the urgent work need on our north and south aisle roofs.

We have regular social events throughout the year, including concerts, drop-ins and suppers.

Our church is kept open during the day if you wish to visit.
